Student use of mobile phones and personal device policy

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Students are required to hand their phones or personal devices in to their teacher at the beginning of the day and collect their phones or personal devices when school has finished. All personal devices will be labelled and placed in secure, locked storage inside the classroom. To minimise disruption students will be directed to switch off or mute their mobile phones and personal devices before storing them.

If the student does not comply

The misuse of personal devices may result in disciplinary action which includes but is not limited to:

1. Reminder to hand up all personal devices at the beginning of each day (including smart watches connected to phones)
2. Personal devices confiscated from the student and locked up in a secure front office location to be collected at the end of the school day
3. Phone call to parent/caregiver – Talk to and convince student to hand up personal device, parent to collect personal device from student, student no longer brings personal device to school
